

PRESIDENT'S COMMISSION ON PERSONNEL INTERCHANGE

1900 E STREET NW.

WASHINGTON, D.C. 20415

CODE 202/632-6834

November 9, 1973

Mr. John F. Blake
Director of Personnel
Central Intelligence Agency
Washington, D. C. 20505

Dear Mr. Blake:

We've finished the final placements of the 1973/74 group of Interchange Executives; at last count, there were 45 from Industry working in Government and 35 from Government working in Industry for a total of 80. This compares with 72 last year--57 from Industry and 15 from Government.

We'd like to brief you and your associates who have worked on the Program on the final results as they relate to the participation of your organization--the successes, the problems, the lessons we've learned. We'd also like to get your ideas on ways Executive Interchange can be made more effective.

May I ask you to call Carol Windram and schedule a time, date and place for such a briefing? It shouldn't take more than 45 minutes to an hour and may make our efforts more productive during the coming Program year.

Sincerely,

A handwritten signature in dark ink, appearing to read "Jay I. Leanse", is written over the typed name and title.

Jay I. Leanse
